stainless steel posts & shelves

Stainless Steel Posts & Shelves

304 Stainless Steel - 304 Stainless with an electropolish finish represents the highest industry standard in the prevention of corrosion. This finish is highly effective in clean rooms, sanitary environments, or anywhere corrosion is possible.

Posts

All posts are fabricated from 16 gauge carbon steel with location grooves on one inch increments and ease for shelf installation. Numbers are printed between grooves for quick assembly. Posts are double grooved in consistent intervals for quick identification. Leveling legs are enclosed with all posts. Leveling legs cannot be used in conjunction with stem casters. Custom post heights are available, call for pricing.

STAINLESS STEEL			
DESCRIPTION	SHIP WGT	MODEL NO.	PRICE EACH
14"H Post	1 lb	P14S	
34"H Post	2 lbs	P34S	
42"H Post	2 lbs	P42S
